Aging: 12 months

Alcohol content: 14% Vol

Serve at: 18° C

IN THE VINEYARD

Altitude: 180 - 500 m
above sea level

Soil composition:
Pliocene clays with marl

Training system: cor-
don spur converting to
Guyot

IN THE CELLAR

Ruby red with violet re-
flections to the eye. The
nose weaves together aro-
mas of marasca cherry,
enhanced by floral hints
of violet and chalky un-
dergrowth notes. The sip
is fluid and silky, with
echoes of graphite and
licorice.
